

### High compatibility, lightning speed for Internet access

### **300Mbps Wireless GPON Router**

HG305-G is specially designed for families, small & medium enterprises which can deliver ultra-fast transmission rate. Compliant with ITU-T G.984.x and G.988 standard, HG305-G is widely used to global mainstream ISP's network and compatible with mainstream central devices such as Nokia, ZTE, HUAWEI, etc.

It is the best choice for GPON CPE in FTTH field.

HG305-G provides 4 Gigabit LAN ports, moreover, it provides 300Mbps wireless transmission rate with high wireline rate (downstream rate up to 2.488Gbps and upstream rate up to 1.244Gbps) and maximum transmission distance up to 20KM. HD IPTV and VoIP calls are supported to automatically remote control without onsite configuration.

### **High Compatibility**

Compliant with ITU-T GPON standard, HG305-G is widely used to global mainstream ISP's network and compatible with main central office equipments such as Nokia, ZTE, HUAWEI, etc.

#### **Lightning Speed**

Supports up to 2.488/1.244Gbps access rate which is 50 times than conventional 24 Mbps ADSL to enjoy lightning internet experience brought by FTTH, 2\*5dbi external antennas provide 300Mbps wireless transmission rate for your WLAN.

#### **HD IPTV Access**

All For Better Networking

Prioritizing function is supported to enjoy HD IPTV without interference while surfing internet.

# **VoIP Calls**

Clear and Streaming Voice calls are supported.

## **Specifications**

| Hardware Features      |   |
|------------------------|---|
| Protocols & standards  | ITU-T G.984.x/G.988                                   |
| Chip                   | ZTE zx279**   |
| Port                   | 1*SC/APC GPON Interface                               |
|                        | 4*Gigabit LAN port                                    |
|                        | 2*RJ11 Ports  |
|                        | 1*USB2.0  |
| Button                 | 1*WPS、1*WLAN、1*Reset                                  |
| Power                  | Input: 100-240V AC 50/60Hz                            |
|                        | Output: 12V DC 1A                                     |
| Dimension (W*D*H)      | 190mm * 122mm * 28mm                                  |
| Wireless Features      |   |
| Wireless Speed         | 300Mbps   |
| Frequency              | 2.4GHz  |
| Basic Functions        | Wireless switch, wireless encryption management, SSID |
|                        | management  |
| Wireless Security      | WEP, WPA-PSK, WPA2-PSK, Mixed WPA/WPA2-PSK            |
| Software Features      |   |
| Operating Mode         | Bridge Mode , Route Mode(PPPoE/DHCP/Static)           |
| Remote Management      | Supports OMCI remote management                       |
| Online Phone Calls     | Supports online phone calls based on SIP protocol     |
| TR-069                 | support   |
| DHCP Configuration     | support   |
| Security Configuration | support   |
| VPN pass-through       | support   |

| Others              |  |
|---------------------|--|
| Temperature         | Operating Temperature: 0°C~40°C            |
|                     | Storage Temperature: -40°C~70°C            |
| Humidity            | Operating Humidity: 10%~90% non-condensing |
|                     | Storage Humidity: 5%~90% non-condensing    |
| Packing Accessories | 1 Ethernet Cable                           |
|                     | 1 Telephone Cord                           |
|                     | 1 Quick Installation Guide                 |
|                     | 1 Power Adapter                            |
