BC-PC9

Android 10.1-inch Supermarket Price Checker with NFC Barcode Reader

1.10.1-inch HD LED screen

2.Built-in megapixel 2D barcode scanner

3.NFC/UHF/RFID read card optional

4.Standard 2GB RAM+8GB ROM memory.

Specification

System Configuration	CPU	Quad-core, the highest frequency is 1.8GHz
	Memory RAM	Standard 2GB
	Memory Flash	Standard 16GB
	Operation System	Android 7.1
	Network card	RJ45 + Wireless WIFI, Bluetooth (optional)
Host system	Display	10.1 inches LED
	Resolution	1280*800
	Brightness	300 cd/m²
Internal expansion interface	USB interface	4* USB 2.0 spacing interface 5Pin
	RS232 serial port	5* Built-in 2.0 spacing 4pin serial port
	GPIO interface	Support 8-way input and output GPIO functions
	MiniPCI-E 4G (optional)	Industry standard MiniPCI-E 4G module interface, supporting Nano-SIM card slot
External interface	USB interface	1* USB3.0 interface, 1* USB 2.0 interface/1*OTG*USB (type-c physical interface)
	HDMI	1* HDMI display interface
	RJ45	1* Realtek 100M Ethernet chip
	POE power supply	not support
	Expand storage space	Self-elastic TF card socket, up to 128GB TF card
	Line out interface	1* Line out interface(black) 3.5MM
	Power input interface	1* 12V DC power input interface 5.5MM
Optional Module	RFID Reader	Low frequency 125K, high frequency NFC, 14443A, 13.56, UHF (choose one of 3)
	Temperature detect module	Temperature detect distance 0~5cm, error ±0.2°C
	Front HD camera	1 million pixels
	Touch Panel	10.1 inches LCD touch panel
	Base bracket	Vertical,desktop,wall-mounted
	Back cover	Metal
